

## § 10.17

Code. Enforcement of these and other criminal provisions that may apply to claims under the FECA are within the jurisdiction of the Department of Justice.

(b) In addition, administrative proceedings may be initiated under the Program Fraud Civil Remedies Act of 1986 (PFCRA), 31 U.S.C. 3801-12, to impose civil penalties and assessments against persons who make, submit, or present, or cause to be made, submitted or presented, false, fictitious or fraudulent claims or written statements to OWCP in connection with a claim under the FECA. The Department of Labor's regulations implementing the PFCRA are found at 29 CFR part 22.

### **§ 10.17 Is a beneficiary who defrauds the Government in connection with a claim for benefits still entitled to those benefits?**

When a beneficiary either pleads guilty to or is found guilty on either Federal or State criminal charges of defrauding the Federal Government in connection with a claim for benefits, the beneficiary's entitlement to any further compensation benefits will terminate effective the date either the guilty plea is accepted or a verdict of guilty is returned after trial, for any injury occurring on or before the date of such guilty plea or verdict. Termination of entitlement under this section is not affected by any subsequent change in or recurrence of the beneficiary's medical condition.

### **§ 10.18 Can a beneficiary who is incarcerated based on a felony conviction still receive benefits?**

(a) Whenever a beneficiary is incarcerated in a State or Federal jail, prison, penal institution or other correctional facility due to a State or Federal felony conviction, he or she forfeits all rights to compensation benefits during the period of incarceration. A beneficiary's right to compensation benefits for the period of his or her incarceration is not restored after such incarceration ends, even though payment of compensation benefits may resume.

(b) If the beneficiary has eligible dependents, OWCP will pay compensation to such dependents at a reduced rate

## 20 CFR Ch. I (4-1-10 Edition)

during the period of his or her incarceration, by applying the percentages of 5 U.S.C. 8133(a)(1) through (5) to the beneficiary's gross current entitlement rather than to the beneficiary's monthly pay.

(c) If OWCP's decision on entitlement is pending when the period of incarceration begins, and compensation is due for a period of time prior to such incarceration, payment for that period will only be made to the beneficiary following his or her release.

### **Subpart B—Filing Notices and Claims; Submitting Evidence**

NOTICES AND CLAIMS FOR INJURY, DISEASE, AND DEATH—EMPLOYEE OR SURVIVOR'S ACTIONS

### **§ 10.100 How and when is a notice of traumatic injury filed?**

(a) To claim benefits under the FECA, an employee who sustains a work-related traumatic injury must give notice of the injury in writing on Form CA-1, which may be obtained from the employer or from the Internet at [www.dol.gov/dol/esa/owcp.htm](http://www.dol.gov/dol/esa/owcp.htm). The employee must forward this notice to the employer. Another person, including the employer, may give notice of injury on the employee's behalf. The person submitting a notice shall include the Social Security Number (SSN) of the injured employee.

(b) For injuries sustained on or after September 7, 1974, a notice of injury must be filed within three years of the injury. (The form contains the necessary words of claim.) The requirements for filing notice are further described in 5 U.S.C. 8119. Also see § 10.205 concerning time requirements for filing claims for continuation of pay.

(1) If the claim is not filed within three years, compensation may still be allowed if notice of injury was given within 30 days or the employer had actual knowledge of the injury or death within 30 days after occurrence. This knowledge may consist of written records or verbal notification. An entry into an employee's medical record may also satisfy this requirement if it is sufficient to place the employer on notice of a possible work-related injury or disease.
